Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Observes low crop yield. • Faces difficulty selecting suitable crops. • Searches for agricultural guidance.	• Opens the OptiCrop application. • Enters soil and environmental parameters. • Requests crop prediction.	• Views the recommended crop. • Plans cultivation accordingly. • Uses resources efficiently.
Touchpoint <i>What part of the service do they interact with?</i>	• Farming experience. • Agricultural experts. • Weather information.	• OptiCrop web application. • Input forms. • Prediction system.	• Recommendation page. • Agricultural reports. • Farming decisions.

Customer Thought <i>What is the customer thinking?</i>	• Which crop is suitable for my land? • Why is my productivity low? • I need better guidance.	• I hope this system gives accurate recommendations. • Can this improve my farming decisions? • Will this help increase my profit?	• This recommendation looks useful. • I can make better decisions now. • My farming risks may reduce.
Customer Feeling <i>What is the customer feeling?</i>	• Confused. • Worried. • Uncertain.	• Curious. • Hopeful. • Interested.	• Satisfied. • Confident. • Happy.
Process Ownership <i>Who is in the lead on this?</i>	Farmer	Farmer and OptiCrop System	Farmer
Opportunities <i>How can we improve this stage?</i>	• Provide educational resources. • Increase awareness about smart farming. • Offer better guidance.	• Improve user interface. • Increase prediction accuracy. • Add multilingual support.	• Provide fertilizer recommendations. • Add weather forecasting. • Generate detailed reports.
